

# Undergraduate Students

## Groups and Preceptorships

### *Description:*

CaroMont Health hosts nursing clinical groups and preceptorships for students enrolled in colleges and universities with whom CaroMont has existing Education Affiliation Agreements. Clinical groups are assigned by your educational institution. Those interested in a preceptorship who currently attend a college or university with whom CaroMont has an existing Education Affiliation Agreement may apply for a preceptorship below.

### *Requirements:*

- Upload all necessary documentation to your institution's record tracking platform (e.g. Castlebranch, Record Tracker, etc.).
- Complete the online hospital orientation through [AHEC](#).
- Submit an application for [Preceptorships](#).

## Internships

CaroMont Health hosts internships for students enrolled in colleges and universities with whom CaroMont has existing Education Affiliation Agreements. To be considered for an internship at CaroMont Health, please complete the [Internship Application](#).

## Shadowing

High School juniors and seniors, college and graduate students interested in pursuing an education or career in healthcare have the opportunity to shadow a Physician or Advanced Care Practitioner as they perform their duties at CaroMont Health. Shadowing is limited to an observational experience and participating students are not personally involved in direct patient care.
